LFCC Team Ministry

▶ Archie Ellett leads this team.

SMALL GROUP LEADERS

This is the heart of our ministry. It's about building relationships with a small group of kids... even that kid who is not easy to love. And I can tell you from experience, there's not much that's more rewarding than having that unlovable kid come back to you several years later and saying "thanks for loving me, you made a difference in my life".

Basically, you would be guiding a group of teens in conversation based on the night's theme (discussion questions will be given to you in advance). But above that, you will be connecting with these students and will be involved in their lives.

Groups will be divided by age and gender and you will have the same group for at least a year. Since this is such an important part of our ministry we ask that you be consistent on Sunday Nights, and to follow-up on kids who are in your group.

SPECIAL EVENTS SPONSORS

Most of our special events are just about being together and having fun. It's about deepening our connection with the students we minister to and building memories. This is a great way to be involved in our Highway 111 programs without having a weekly commitment.

Special event sponsors are responsible for supervising teens to ensure that trips and events are safe, orderly, and FUN.

Here are some of the events we attend...

Concerts, Amusement park trips, paintball outings, overnight campouts, Move (Sr High CIY), Believe (Jr High CIY), Super Start (CIY for upper elementary), Local mission trips, and overseas mission trips (normally to Jamaica or Mexico).

MULTI-MEDIA

It's all about impact! Not only the impact of a 'wow factor' from all the cool toys... but the impact of building relationships with teens who desire to serve in this area. The multi-media team enhances the Sunday Night program through lighting, sound and video projection... as well as capturing everything on video.

DRAMA

If you have a love for theatre and teens then this is the place for you. On first glance, this looks like it's only about presenting special skits on Sunday Nights in conjunction with the message, and that is an important role... but more important it's about building relationships with kids who love to "Act Up".
